

Ripplefold Systems

also known as Wave-Fold or S-Fold (Hand Drawn only)

MK2 RippleFold (Hook and Tape) is an eyelet slider system where each slider is connected, with spacing of 50mm intervals. A Clear Heading Tape, ideal for sheers is attached to a curtain. Gathering Hooks spaced at 100mm apart giving 100% fullness. For an easy made and hung curtain, with that Elegant Wave Look. For added or reduced fullness spacing of gathering hooks can be altered.

MK2 Ripplefold can be used on Kingtrack Aluminium, Kingtrack Supreme Decorator, Kingtrack Federation Poles, Somfy Glydea Motorised, Fine Line and Tubeslider
